Bathtubs that last

When creating VAGNERPLAST bathtubs, only the best materials and modern technologies are used, and careful quality control at all stages of production allows us to manufacture the best products possible.

All VAGNERPLAST bathtubs have an 11 year warranty.

Principles of care and responsibility

Production methods and technological processes are organized in such a way where nothing threatens the health and safety of employees, partners or users.

The VAGNERPLAST plant is equipped in accordance with the main principles of the brand – respect for the environment and a harmonious balance in the consumption of water and energy.

Inspiring Design

VAGNERPLAST bathtubs are first of all comfortable and easy to use. Also, they are made with correctly selected materials and are formed by smooth lines and clear shapes that always remain in fashion.

By focusing on durability, high quality and longevity, we create bathtubs that are exciting, inspiring, unique and special for everyone.

Priceless know-how

Since 1992, our main goal is to make people's lives better and more comfortable.

With thirty years of experience, we are always on the lookout for new shapes, materials and technologies. It is the combination of experience and innovation that creates products of the highest quality. Every day we work hard to make our bathtubs even more beautiful, of high quality and functional.

Czech production

All VAGNERPLAST bathtubs are manufactured in the city of Kladno, in the Czech Republic.

All of the production cycle happens at the VAGNERPLAST plant: from design to implementation, From idea to its manufacturing. Our team consists of experienced and talented experts in their field who are inspired by their work, involved and focused on results.

High quality materials

All VAGNERPLAST bathtubs are made from 100% French acrylic Altuglas®.

Bathtubs made from Altuglas® acrylic sheet retain their shape, do not warp or crack, yellow or tarnish. We sincerely believe that our bathtubs should provide pleasure, fill the interior with practicality, functionality and beauty.

Philosophy of consistent quality

All VAGNERPLAST products comply with European standards, which are confirmed by the ISO9001 quality certificate.

We guarantee the highest quality of our products and bear full responsibility for this.

“Everyday, we dedicate ourselves with great passion, love for detail and the pursuit of perfection to the creation of flawless bathtubs.”
